Means Dry Lake after it rained 4 inches in 18 hour period October 2018.

## Editors Message:

The virus has taken the wind out of our sails and I believe the great outdoors is the safest to be.

Luckily, no one in my family has come down with the virus and I pray that all Dirt Devils and their families are doing well.

Dues is due. You can pay at [dirtdevilsoffroad.square.site](http://dirtdevilsoffroad.square.site)

Typically, July is when the new Dirt Devil board takes over, but not this year.

The nominees are in and you can read about it in the July DD minutes. We will vote at the August meeting.

Rob Rien has installed a new motor and transfer case in his rig. Now the question is will he test it? Rob's new best friends at T&J in Orange have donated \$100 to the DD kitty.

I have not done any upgrades to my rig, but I have been checking every screw, nut and bolt so next time I go out, I will spend no time under my rig turning a wrench. I then took it over to a shop in Mission Viejo and I had them do a once over, they found some loose bolts that I missed.

I am more than ready to hit the trail, Mike Wallace & Craig Woolbert have posted the Clarks Grade run for this weekend. Ray Kleinhuisen has posted a run announcement for Bishop, next weekend. I posted a run announcement for the Sierra National Forest just east of Fresno in August.

After reading ingear magazine our elected officials are still at it, attempting to close down OHV areas. Is there no end? Read page 2 of the DD news, or page 12 of CAL4Wheel ingear.

While you hold up in your abode, Bill Schopper can keep you looking good with Dirt Devil attire, buy a shirt or two.

In case you did not know KOPL Kids on Public Lands will probably go away. Rick Russel started KOPL back in 1998, 21 years.

See you on the trail.

Ron Webber

### SB 1147- Would remove all OHV from the SVRA.

SB1147 was introduced by CA state Senator Steve Glazer (D) on February 20, 2020. The bill reads:

“Existing law designates all parks, public campgrounds, monument sites, landmark sites, and sites of historical interest established or acquired by the state, or that are under its control, as the state park system, except as specified. Under existing law, the Department of Parks and Recreation controls the state park system, which is made up of units, one of which is the Carnegie State Vehicular Recreation Area.

This bill would express the intent of the Legislature to enact subsequent legislation that would preserve the Carnegie State Vehicular Recreation Area for conservation purposes.”

The previous legislation has all been focused on the Alameda-Tesla Expansion property, now they are going after Carnegie SVRA. **This bill looks to remove all OHV from the SVRA.**

Cal4 is asking its members and supporters to contact your state senators and state assembly members and encourage them to oppose AB2551 (Alameda- Tesla Expansion) and SB1147 (Carnegie SVRA) when they come up for committee votes later in this legislative session.

**Pismo** is another whole matter. The only good thing that has come out of the virus is, there has been more dust not less since the Newsome shut down offroading on the beach, due to the virus. I guess the complainer’s science was false, made up, phony. We knew it all along this was just another excuse to close down OHV on the beach.

**RSVP to:** Ron Webber [ronjp@outlook.com](mailto:ronjp@outlook.com)  
 RSVP is required, call Ron

**Where:** The Sierra National Forest near Shaver Lake  
 310 miles 6 hours; go to Fresno and make a right turn  
 into the mountains

I would like to make it a 5 day 4 night run, it can be done in  
 4 days 3 nights but it is a lot of driving  
 I am flexible.

**August 5 7:00am** Leave Orange:  
 camp the first night Voyager Rock Campground east side  
 of Courtright reservoir,

**August 6** Tear down camp and head for the top of Thompson  
 Hill probably the most difficult day

**August 7** Tear down camp and head for Ershim Lake  
 this is an easier day, the trail is rocky and winds through  
 the forest.

**August 8** Spend extra day camping at Ershim Lake

**August 9** Tear down and head home it will be a long day

**35inch tires lockers front & rear & winch required**  
 this is a very difficult trail.

**Top off with gas** & your 5 gallon gas can in Shaver Lake.

Sufficient food and drinking water for 5 days.

There is no Napa auto parts nearby climb under your jeep and  
 triple check every nut and bolt. Take spare i.e. pitman arm,  
 axle shafts, brake hoses, anything that you think might break

**Highlights:** High Sierra Mountains Rocks, trees, Alpine lakes,  
 trout fishing

**The cow bell rules are:** Cow bells are awarded from air down to air up. If you get stuck and are unable to move under your own power and need the help of a winch or you get strapped from one of your fellow Dirt Devils then you have earned the privilege of hanging the cow bell from your front bumper. You must leave the cow bell on the front of your rig until another Dirt Devil gets stuck. Then you help attach the cow bell to their bumper.
