

## Dirt Devils Holiday Lights Run 2020

# It was a Winter Celebration of Lights

We had 9 rigs, four puppies and a partridge in a pear tree on the Holiday Lights run. We drove through Anaheim Hills, Yorba Linda and finished in downtown Orange at the Circle.

We saw the largest snowman (that I have ever seen) as well as amazingly decorated houses on the lake in Yorba Linda. Lots of families were out and all loved our decorated, lit-up rigs. Lots of folks enjoyed the lights on the Jeeps and took several photos of us passing through the neighborhoods. I have sent Chris the GPX of our run (*GPS route files now attached*) so that if you could not make it this year you can still go out and see the light show.

A big thanks to all that showed up this year and shared a gift with a toy donation, we have several toys that will be dropped off this year.

Get ready for a wonderful
