

# The Dirt Devils Digest

Award winning publication.

June 2016 A monthly publication of the Dirt Devils http://www.dirtdevils.org/

# **Editors Message:**

I know the newsletter is late this month. At least it is before the July meeting. Emi and I spent 5 days with Ray cruising around the North Rim and a day in St George, UT. All I can say is the North rim is incredible.

Thank you Ray for 2 great years as president of the Dirt Devils. The Dirt Devils is better for your contribution. The club info section of this newsletter list the new officer's names and other club info, check it out.

I want to recommend that everyone belong to AAA (auto club). If you break down and need assistance getting your rig home they will do it. It is worth every penny. http://www.calif.aaa.com/home/membership.html

Congratulations Mel Nix KK6SMI for getting his ham radio license.

We all love camp fires, check out the world's tallest bon fire 131' tall.

http://twistedsifter.com/2013/01/worlds-biggest-bonfirealesund-norway-slinningsbalet-midsummer/

#### Fourth of July: In 2016, Thomas Jefferson still speaks to Americans

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. <u>That to secure these</u> rights, Governments are instituted among Men, deriving their just powers from the consent of the governed.

See you on the trail.

Ron Webber

# **Run Reports**

# Heart Break Ridge

12 vehicles. Suhag had some problems with his front differential. Instead of hitting a rock with his passenger tire, he hit it with his diff. he disconnected the drive shaft and loosened the hubs and was able to drive it home. There is a waterfall that is difficult that now has a bypass. Dave's wife, Linda, drove some.

#### **High Desert Roundup**

The event was held behind SlashX near Barstow. over 200 paid registrations.

# HDR Pre-run Saturday, May 21, 2016

Club members

- Ray and Karen Kleinhuizen
- Danny and Linda Ward.
- Tim De Bolt
- Pete Johnson.
- Mike and Nancy Zeller.
- Suhag Petal
- And 2 Guests

We met at the Valero/Pizza Hut at the 15 fwy and Barstow Rd. Weather for the day was cool, high 60's low 70's, and windy. We headed down Barstow Rd. to the Slash X where headquarters for HDR will be the following week. We then back tracked to the power line road and our air down spot. The gate keeper only needed a little bit of work. Danny Ward got to use his new winch to move a few rocks. Mike Z. and his 33" tires agreed to test the gate keeper. Mike made it through with the right amount of challenge, just what we wanted.

The rest of the day we continued on the trail marking turns with ribbons. We stopped for lunch in a small canyon to escape the wind. We were finished with the main trail early and decided to check out some extra sections. Mike was close to a cow bell a few times but careful rock placement got him through without assistance. We finished up the day taking Stoddard Wells Rd. to the 15 fwy. We aired up under the freeway bridge out of the sun and wind.

#### HDR, May 27-29

HDR was held in the Stoddard Valley OHV area. The main HDR headquarters was behind the Slash X on Barstow Rd.

- Dirt Devils in attendance:
- Ray and Karen K
- Ron W
- Roger M & Birdie
- Pete J
- Danny and Linda W
- Danny D. and Kim
- Eddie C.
- Steve H.
- James E.
- Bill and Katie S.
- Jessie and Amanda M.
- 1. Keith and Sandy G.

Several Dirt Devils had setup camp behind the Slash X by Friday afternoon. A few of us did a short pre-run. I wanted to see if my night run trails connected as I expected. I didn't want to try the trail for the first time at night.

Weather for the weekend was good for the desert. Temperatures were in the high 70's low 80's during the day. At night temps were down in the 60's but still pleasant. Wind was not an issue.

# Saturday May 27 HDR day run:

We setup early at the lineup location. We had 31 vehicles as we left for the trail.

Several vehicles had trouble at the gate keeper but we only sent one back to camp for the Blue Moon run. We had a few fuel line issues with the carbureted vehicles in the hilly sections. Thanks to the trail helpers that setup as spotters along the trail. We were able to keep the larger group moving and finished the trail early. With the extra time we took the group through an optional section with a ledge to climb in between some large rocks and a rock garden. Some needed help but all made it through. After we finished the extra section a small group took a side trail that had some big rocks to get through. One of our guests in a Cherokee got hung up bad on a big rock. The front had both tires in the air and the rear was right against a big rock. We used a HI lift jack and a winch to get him off and the rock moved.

# Saturday May 27 HDR night run:

We had 16 vehicles on the night run. The first challenge was finding the powerline road turn in the dark. Good thing I setup a GPS way point at the turn. I took a bad line at the gate keeper and needed lockers to get through. A few guests left a lot of rubber on the rocks but all mad it through. We slowly worked our way to the hill climb were we would turn back. Several of the vehicles were getting hung up on the rocks. Some backing and a different line was getting them through the ever present rocks. Right near the end of the trail we had a flat tire. Four plugs and he was ready to air up. An older Jeep with on board air moved up to air up the flat tire. We all hear a loud snapping sound that turned out to be the older Jeeps front U joint breaking. I think he forgot to release the Emergency brake but he drove it back to camp. Overall a good night run. Everyone seemed to enjoy the run.

#### Sunday May 28:

13 Vehicles, no major problems but Pete broke on the way back to camp and earned a cowbell.

#### Cal4Wheel

Just had the board meeting. There is a gas tax that is due to expire. If it is allowed to expire then there will be less money for OHV.

Currently that money is given to OHV for maintenance and enforcement of off-roading. It could be taken away and given to Parks which would close the trails as there would not be enough money. Keep an eye out for this.

This is in the legislature and they are trying to make this a permanent thing as its up in 2018. Jesse doesn't think it has an SB number yet

#### Holcomb creek trail winter closure

please jot down any heartfelt comments to keep 3N16 open during the winter and copy me on that email? If you have already sent your email, would you forward a copy of that email to me or forward your copy to Loren Campbell of IE4W at <u>lcampbell@redlandsautoplaza.com</u>?

Loren from IE4W will be collecting as many emails as he can to deliver to Congressman Cook in an effort to keep 3N16 Holcomb Valley Trail open during the winter.

Again I urge you to take a moment of your time and email Jody and Scott from the Forestry Service and appeal to them to keep 3N16 open during the winter for the public to enjoy. Please send your email as quickly as possible to Jody and Scott at the USFS. Time is working against us. jnoiron@fs.fed.us and seliason@fs.fed.us

The way these trails continue to close is through apathy. The only way to keep these trails open is through constant activism. So your efforts do make a difference for current and future generations to enjoy these public lands.

# 13 & 14 Off road Clinic

It's time again for our Annual Dirt Devil Training Clinic. Don Alexander from Big Bear 4X4 School will once again be our resident expert. Last year we had a huge turnout which really cut into our teachable moments so we have decided to conduct 2 classes over the August 13th weekend. Saturday's class will end with enough time to join the Night run on Little John Bull that is being led by Jack and Zoe.

**Trail Leader:** Mike Wallace (proudpop80@gmail) (714) 504-8514

**CB Chanel 4** (REQUIRED) HAM Simplex 2 146.550

**Pack a Trail Lunch**, Water and always be prepared for Weather

**Space Limited to 12**, RSVP <u>required via Dirt Devil</u> <u>Facebook Event (preferred)</u> or directly with trail leader.

**DONATION TO THE ADOPT-a-TRAIL** program will be collected \$20.00 (Members) \$40.00 (Guest and Prospected Members)

### Day 1: Saturday August 13th

Meet Time: 8:30 / Depart 9:00am

#### Meeting Location: Subway Restaurant

42124 Big Bear Blvd Big Bear Lake, 92315

Day 1 recommended Special Equipment: Short Wheel Base, High ground clearance, rear lockers recommended, rock rails recommended, skid plates Recommended and 33 inch tires or larger recommended. Body Damage is Possible with or without the recommended Special Equipment items. Difficulty: (1=Easy, 5=Most Difficult) Rated #4, the trail is moderate with a couple of Difficult obstacles, (optional) rock garden, sharp rocks, steep shelves/grades and rutted roads.

**Trail:** <u>Gold Mountain Trail</u> (3N69) 12.8 Miles this trail is officially rated most difficult and has some challenges. We have used this trail as our training trail for the past two years and all who have attended have completed the trail with no issues. The trail affords us the opportunity to practice our terrain management skills from both a driver as well as a spotter's perspective. The trail starts off the mail highway and heads up thru some switch backs until you reach the first of two waterfall style obstacles. To some this climb may look unpassable but with the expert guidance of our resident expert Don Alexander you will be feeling as confident as a professional. The second of the two obstacles immediately follows the first and once again you will make short work of it. (Don't be surprised if we turn around and do this obstacle in reverse)

Feeling confident we will crawl this scenic trail passing thru an optional Rock Garden to the top of gold mountain where we will stop for lunch and talk about the day's adventures. We will then pack up and head down the other side and experiencing some moderate shell descents to the main trail that will take us home in time to grab a bite to eat and meet up with Jack and Zoe for the Little John Bull Night Run if your so inclined.

<u>Please only sign up for one of the DAYS Space is limited</u> to 12 vehicles. If not filled by 8/6 feel free to sign up for a second DAY.

# Day 2: Sunday August 14th

Meeting Time: 8:30 Depart: 9:00am

#### **Meeting Location:**

Rocky's Roadhouse 32150 Hill Top Blvd Running Springs, 92382

Day 2 recommended/ required Special Equipment: Short Wheel Base, High ground clearance, rear lockers required, front locker Recommended, rock rails recommended, skid plates Recommended and 33 inch tires or larger recommended. Body Damage is Possible with or without the recommended Special Equipment items.

**Difficulty:** (1=Easy, 5=Most Difficult) Rated #5, the trail is Difficult with a couple of Most Difficult obstacles with optional by passes, some tippy sections, sharp rocks, steep shelves/grades and rutted roads.

**Trail:** <u>Dishpan Springs</u> (3N34) approx. 3.0 Miles, touted as one of the most challenging trails in the Big Bear Mountain Area, this trail is our clubs Adopted trail. This trail spans from the Green Valley to the Lake Arrow Head area and serves as the only remote road between the two communities. As our Adopted trail we are tasked with maintaining the accessibility. This trail has steep ascents and descents, granite boulder faces and large rutted portions. The 2 waterfall sections are the most challenging but with the expert spotting by Don Alexander from Big Bear 4x4 School you will make quick work of the challenges. Dishpan is a tippy no BS Trail and you will feel a sense of success after you conquered this beast. But be cautious this beast bites.

<u>Please only sign up for one of the DAYS Space is limited</u> to 12 vehicles. If not filled by 8/6 feel free to sign up for a second DAY.

13 Little John Bull NIGHT RUN, Big Bear

Run Date: Saturday August 13th

Trail Organizer: Jack & Zoe

RSVP: YES, call or text 909-213-6787

**Equipment Required:** High ground clearance, off-road tires, low range and off-road lights required. Rock lights are recommended.

**Difficulty:** (1=Very Easy, 5=Extreme) Trail rated 3 moderate, due to small boulders, tippy terrain and sharp rock on sections of the trail (note most of the trail is easy). This run is to test your off-road lights with some spectacular views of the city lights and night sky.

**Meeting Time:** 6:30 \*PM\*. Go over rig readiness and trail plan, leave at 7:00 PM. Night run only.

**Meeting Location:** We will meet at Rocky's Roadhouse (32150 Hilltop Blvd, Running Springs, CA 92382) i.e. usual spot next to the 76 gas station. From there, we will drive to Polique Canyon (2N09) trail head. Then up to Holcomb Valley and John Bull Flat (3N10) and then down to 3N16/Lake Baldwin.

**Trail Description:** Total aprx. ~10 miles off road (allow 4 to 5 hours). You can expect to encounter small boulders, tippy terrain, and sharp rock on sections of the trail. The US Forest Service rates this trail as Black Diamond Most Difficult trail and it is not recommended for stock SUVs. Body damage and breakage are possible. Elevation ranges from 6,700' to over 8,000'. Note: if you are scheduled to run the Off-road Clinic #1 that same day, that trail lead will join this group after that trail is completed (no need to drive back down - location TBD).

**Permits Required:** Yes, Adventure Pass. \$30/yr or \$5/day, available at most local grocery/gas/ranger stations.

**Communications:** CB Channel 4 and/or HAM channel 146.550 MHz (club simplex #2)

Reminder to Bring: Bring lunch, snacks and extra water, chairs, tools, shovel, camera, extra weather appropriate clothing, etc.

Weather: If heavy wind or rain the trip will be canceled.

#### **Trail Head Coordinates:**

Meeting location: Lat/Lon (degrees/minutes/seconds) 34° 12' 17.42" N 117° 6' 6.5" W

Lat/Lon (decimal degrees) 34.204838 -117.101806

Trail Head Polique Canyon (2N09)

Lat/Lon (degrees/minutes/seconds)  $34^\circ$  15' 54.13" N 116°55' 15.75" W

Lat/Lon (decimal degrees) 34.265036 -116.921041

Departure: We will exit at Lake Baldwin and Highway 18.

20 Adopt A Trail - Josh

11 –14 Jeep Jamboree Rubicon Trail - non club event

### September

6 Monthly club meeting

9 –11 Sherman Pass (M) - Danny

#### 17 Holcomb Creek & Larga Flat, Big Bear

**Run Date:** Saturday September 17<sup>th</sup> **Trail Organizer:** Jack & Zoe

**RSVP:** YES, call or text 909-213-6787

**Equipment Required:** High ground clearance, off-road tires and low range required. Rear locker, skid plates and 33 inch tires or larger recommended. We have seen stock SUVs make it but with damage.

**Difficulty:** (1=Very Easy, 5=Extreme) Trail rated 3.5 moderate, due to boulder fields with no bypass (note most of the trail is easy).

Meeting Time: 8:30am. Go over rig readiness and trail plan, leave at 9:00am. Day trip only.

**Meeting Location:** We will meet at Rocky's Roadhouse (32150 Hilltop Blvd, Running Springs, CA 92382) i.e. usual spot next to the 76 gas station. From there, we will drive to 3N16 past Crab Flats to Larga Flat (2N06X) trail head. Then up to Holcomb Creek (3N93) and back down to 3N16.

**Trail Description:** Total apx. ~6 miles off road (allow 4 to 5 hours). You can expect to encounter large boulders, tippy terrain, puddles and moguls on sections of the trail. The US Forest Service rates this trail as Black Diamond Most Difficult trail and it is not recommended for stock SUVs. Body damage and breakage are possible. Elevation ranges from 5600' to over 6500'. Wet tires add to the difficulty as the trail crosses Holcomb Creek in a few areas.

**Permits Required:** Yes, Adventure Pass. \$30/yr or \$5/day, available at most local grocery/gas/ranger stations.

**Communications:** CB Channel 4 and/or HAM channel 146.550 MHz (club simplex #2)

**Reminder to Bring:** Bring lunch, snacks and extra water, chairs, tools, shovel, camera, extra weather appropriate clothing, etc.

Weather: If heavy wind or rain the trip will be canceled. Trail Head Coordinates:

#### **Meeting location**

#### Dirt Devils Digest

#### Cowbells

The cow bell rules are: If you get stuck and are unable to move under your own power and need the help of a winch or you get strapped from one of your fellow jeepers then you have earned the privilege of hanging a cow bell from your front bumper. You must leave the cow bell on the front of your rig until another Dirt Devil gets stuck then, you can proudly hand it over. This starts at the beginning and the end of the trail, not on the highway.
