

She-Devils Berdoo Canyon Run – October 26, 2019

The final count of the run consisted of six ladies with jeeps and some support staff.

8:30 am We met at the T & A Coachella Travel Center in Indio, CA.

9:00 am We were on our way to **Berdoo Canyon**. Berdoo Canyon is a 24.3-mile trail with 1300 feet in elevation. Our first stop was at a few old mining bunkers with great views (see attached photo) of the surrounding valleys. The trail is considered an easy trail with some additional credit, the Ladies Run went off as expected without any issues.

1:00 pm Our run ended at the Southern border of Joshua National Park, pleasant drive through Joshua Tree NP then to a nice lunch at Applebee's.
